## Kuyam

The only treatment of this type in the United States, we encourage our guests to experience the Kuyam (Koo-Yahm). Kuyam is a Chumash word which means “a place to rest together.” This treatment combines the therapeutic effects of cleansing desert clay, dry heat, inhalation therapy, and a traditional Chumash guided meditation. Accommodates up to eight men or eight women per session.

## Traditional Massage Offerings

Massage has been used through the ages to improve health and wellness and is an important part of your spa experience. In this age of technical and impersonal medicine, we offer a traditional, authentic approach to massage. ## *Helpful Tips to Enjoy Your Spa Treatments*

**How early should I arrive?** We recommend you arrive 20 to 30 minutes prior to your appointment to review your itinerary and to take full advantage of our facilities. Appointments begin promptly at the time they are scheduled. Please allow for unexpected delays due to traffic and weather.

**Are there age restrictions?** Facial and salon services are available to guests sixteen years of age or older. Massages and Body Treatments are available to adults, eighteen years of age or older. We also provide limited services for our teen guests between the ages of thirteen and fifteen.

**What should I wear for my treatment?** As you will be draped during treatments, suggested dress for massages and most other treatments is simply a robe and slippers, which are provided. Undergarments may be worn if preferred. (For “O” Water Therapy treatment a bathing suit is required.)

**Should I bring valuables to the Spa?** While the Spa does have lockers, we recommend that you do not bring your valuables with you. Many treatments require the removal of jewelry. We are not responsible for any loss or damage to personal items including clothing and accessories.

**What are some health considerations?** Many treatments are contraindicated for women who are pregnant. If you have high blood pressure, allergies or other physical ailments or disabilities, or if you are pregnant, be sure to notify your reservationist so that they may better guide you through our menu of services. In the interest of your health and for the consideration of others, please contact Spa Ojai at least four hours prior to your appointment time to reschedule your treatment should you be experiencing a sore throat, high fever, chills, sneezing, coughing or runny nose.

**May I request a male or female therapist?** Yes, however we cannot guarantee the availability of any particular therapist. All of our therapists are professionally trained to provide privacy using comfortable draping techniques.

**Should men shave before a facial?** No. Shaving approximately 4 or more hours before a facial is preferable as freshly shaved skin can be sensitive to exfoliation.

**Am I allowed to communicate with my therapists?** We encourage open communication with all our staff. It is our utmost privilege to serve you and to ensure that your Spa Ojai experience meets your expectations in every way.
